ABOUT ME

IT professional with 18+ years of experience specializing in IT projects, incident management, and the complete software development lifecycle. Certified Full Stack Developer in Django Python. Experienced in team leadership, delivering stable, scalable solutions, and driving continuous improvement through strong technical and process-focused execution.

EXPERIENCE

2008 - 2014

Chaudhary Group | Sanepa, Lalitpur

IT Executive

Managed enterprise accounting and ERP applications, vendor coordination, and incident resolution. Led installation and support of Swastik Accounting Software and ERP systems, security management, and enterprise application support. Designed and developed multiple in-house desktop applications including Inventory Management, School Management System, automated notification tools, and reporting solutions using VB.NET, VB6, Excel, and MS SQL Server.

2014 - 2017

Unilever Nepal Limited | Basamadi, Hetauda

IT Head

Directed overall IT operations, enterprise systems, and project implementations. Partnered with business teams to drive operational efficiency through implementation and customization of SAP ECC 6.0, WINGS DMS, and MFG Pro. Successfully led SAP Phase-1 rollout and implemented WINGS DMS across hundreds of distributors nationwide.

2017-Present

Coca-Cola Beverages Nepal | Bharatpur, Chitwan

Digital Enabling Manager

IT & Digital Transformation Leader with progressive leadership roles at The Coca-Cola Company (2017-Present), driving enterprise IT and commercial digital enablement across Nepal and Southwest Asia. Led implementation and scale-up of DMS, SFA, SAP GRC, eB2B, Route Optimization, Chatbots, and Field Service platforms. Strong track record in business-aligned solution delivery, translating commercial strategy into secure, scalable technology solutions. Proven leader in project delivery, budgeting, vendor management, and multi-country stakeholder coordination. Delivered high-impact initiatives including Azure AD tenant migration, SAP operational support, and regulatory-compliant e-billing enablement.
